@abmns\_1

Our group was formed to provide a forum for Business Managers and School Administrators across the county of Norfolk, to share information and to network.

Our membership is open to anyone working in a Norfolk School regardless of the school category. We warmly welcome anyone who has responsibility for one/some of the following areas of school management/support:

- Finance
- Management of Support Services
- Premises Management
- Administration
- Marketing and Promotion

We hope our organisation will provide a forum for debate, opportunities for networking and CPD, be a conduit for Business Managers to have a voice in the local area and for us all to share ideas and solutions.

**Matt Smith, Sheringham Woodfields School Chairman**
